

# **Autism Diagnostic Observation Schedule-2 (ADOS-2)**

## **Identifying Individuals on the Autism Spectrum**

**Presenter:** Jennifer Olson, Psy. D.

**When:** Sept. 24-26, 2012

**Where: Site:** ESU 10, Kearney, NE

**Time:** 8:00 a.m.-8:30 a.m.—registration

8:30 a.m.-3:30 p.m.—workshop

**Cost:** \$140/person, Lunch will be provided

### **This 3-Day ADOS Clinical Training includes:**

An introduction to ADOS-2 and the first step to obtaining reliability using the combination of lecture, live demonstration, and large group scoring discussions. Participants will be introduced to each module set of the measure (1 per day).

### **Over the course of these trainings, attendees will:**

- Be introduced to the standardized administration procedures for tasks in each module
- Be introduced to the standardization procedures involved in recording and coding behaviors observed
- Observe standardized administration of module sets
- Learn to calculate classifications from completed algorithms
- Understand how the ADOS can assist in the educational verification of Autism
- Recognize the usefulness of the ADOS in targeting behaviors for intervention and/or individualized education plans
- Take part in scoring discussions which are (1) designed to enhance understanding of the standardized scoring procedures and (2) facilitate accurate coding of behaviors observed
- Discuss the usefulness of the results within the context of the comprehensive Autism assessment
- Understand the procedures involved in achieving reliability on the measure

*This workshop is intended for individuals who are involved in identifying individuals with Autism.*

**A maximum of 80 participants will be accepted for this workshop.**
